Message from our Board President & Executive Director

Dear Friend and Supporter,

Each year with your help, Apna Ghar conducts outreach and advocacy and provides critical services to survivors of gender violence, a global human rights violation and public health concern.

2017 was a significant year at Apna Ghar for program expansion and organizational growth – the most since our inception! In this annual report, we want to share with you what your contributions mean to Apna Ghar and the communities we serve.

In 2017, we expanded our housing program by opening our new purpose built safe home that doubled our capacity and by reestablishing our transitional housing program with nine scattered site apartments for the families we serve.

In July 2017, we opened a satellite office in the suburb of Skokie, Illinois, co-located with Turning Point Behavioral Health Care Center. This allows us to reach even more people affected by gender violence. We provide all our services from this location. In addition, we created a partnership with Swedish Covenant Hospital to provide services and training. Apna Ghar now operates out of five locations in the city and suburbs.

In 2017 we also developed a research-based model for enhanced supervised visitation and safe exchange services with Inspire Action for Social Change thanks to generous support from the Pelino family. We are currently the only organization in the country implementing this model.

Globally, one in three women is affected by gender violence over the course of her lifetime. This is a terrible statistic, but with your support we can transform lives one at a time while taking important steps to end this violence. Our talented and dedicated board, staff and volunteers, the courageous survivors we're privileged to serve, you our generous donors, and our extended community propel our work in the movement to end gender violence.

We sincerely thank you for your continued support, and we look forward to achieving more together this year, and in the years to come!

Sameer Chhabria

Sameer Chhabria
Board President

Neha Gill

Neha Gill

What is Gender Violence?

GENDER VIOLENCE DEFINED

Any act of violence that results in, or is likely to result in, physical, sexual, or psychological harm or suffering for women and gender non-conforming people, including threats of such acts, coercion, or arbitrary deprivations of liberty, whether occurring in public or private life.

-UN General Assembly, 1993

1 IN 3 women will experience gender violence over the course of her lifetime

EVERY 7 OR 9 SECONDS

in the United States, a woman is physically assaulted

IMMIGRANT SURVIVORS OF GENDER VIOLENCE FACE UNIQUE BARRIERS

Recent immigrants to the United States who experience gender violence often face additional barriers that make it especially difficult for them to reach out for help or receive services. These may include:

- Community or extended-family attitudes, such as **SILENCING, SHAMING AND VICTIM-BLAMING**
- **WITHHOLDING OF PASSPORTS** and other papers
- **THREATS OF DEPORTATION** or child abduction
- **LANGUAGE BARRIERS**
- **LIMITED ACCESS TO BANK ACCOUNTS** and communication technologies
- Economic and **IMMIGRATION-STATUS BARRIERS**
- Cultural and religious barriers

More information at www.nnedv.org and www.api-gbv.org

Every year, **3.3 MILLION CHILDREN GLOBALLY** are exposed to domestic violence.

Globally, **38%** of murders of women are **COMMITTED BY AN INTIMATE PARTNER.**

GENDER VIOLENCE IS A GLOBAL HUMAN RIGHTS VIOLATION AND PUBLIC HEALTH CONCERN.

IT INCLUDES:

- physical and sexual violence
- psychological violence
- intensive surveillance, cyber-stalking, monitoring cell phones and utilizing multiple technologies
- withholding food, health care, medication, adequate clothing, and hygiene products
- financial abuse such as restricting access to bank accounts, monitoring activity, or identity theft
- hyper-exploitation of household labor to serve members of the extended family

41-61% of Asian women report experiencing physical and/or sexual violence by an intimate partner during their lifetime

RESEARCH SHOWS that children who witness domestic violence exhibit anxiety, low self esteem, depression, anger, and are at much greater risk to repeat the cycle as adults.

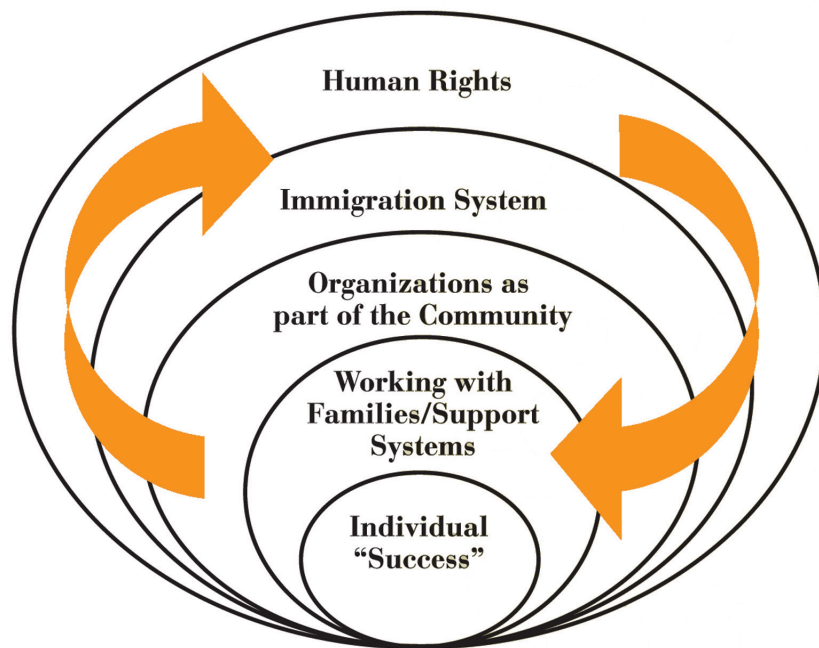

ASIAN AND PACIFIC ISLANDERS comprise the largest group of people trafficked into the U.S.

Apna Ghar's Service Model

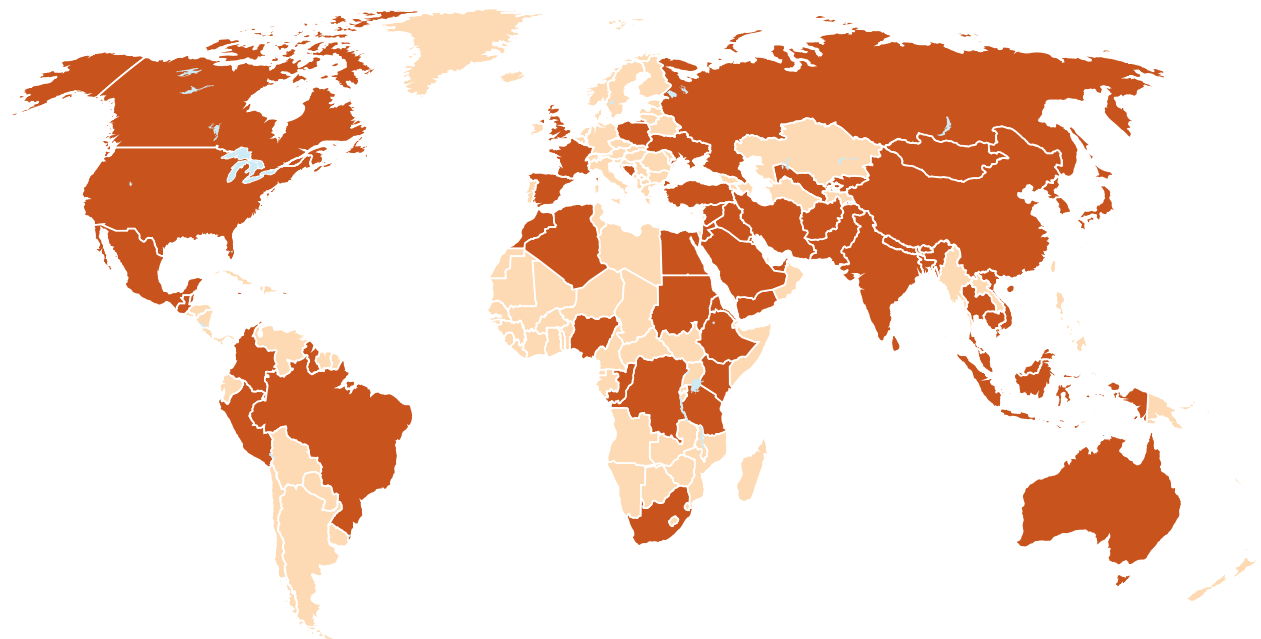

Transcending Boundaries: Investigating Domestic Violence among Immigrant Women

Apna Ghar developed its own service model through a research collaboration with the Center for Urban Research and Learning (CURL) at Loyola University that analyzed Apna Ghar's client files, and examined service delivery based on staff interviews.

The results showed a holistic understanding of macro and micro level barriers faced by immigrant survivors of gender violence. Thus a socio-ecological model and framework was created.

OUR PROGRAM PARTICIPANTS ARE FROM MORE THAN 50 COUNTRIES

Apna Ghar's Impact

Apna Ghar is issue-based and community focused.

- We provide comprehensive prevention and intervention services aimed at helping survivors of gender violence achieve safety, stability and self-sufficiency.
- We conduct outreach, provide community education, training, and technical assistance in an effort to raise awareness about gender violence while providing resources and information on culturally appropriate service-based responses.
- We conduct systems and policy level advocacy in partnership with advocacy groups to improve overall conditions for the survivors we serve.

In 2017, we

Provided comprehensive services to **600** survivors of gender violence and their families.

Addressed immediate safety needs of **1,696** callers on the **24-hour crisis line** and provided crisis counseling, emotional support, resources and referrals.

"I felt like giving up but your support helps me go on."

"I finally found a place I feel at home."

Provided a safe and home-like environment for **71** survivors and their children in our **safe home/emergency shelter**, along with comprehensive services, so they could begin their journeys of healing and empowerment.

Supported **19** survivors and their children with **longer-term transitional housing and comprehensive services** to give them the time they needed to continue to work towards their goals of stability and self-sufficiency.

"Apna Ghar motivates me towards my goals."

"Thank you from the very bottom of my heart for all the help with my legal cases."

Guided **187** survivors through the **legal system**, and advocated for their legal goals, connected with attorneys, and supported them through complex legal proceedings.

Connected 213 survivors and their children with community resources to meet healthcare, educational, employment, permanent housing, financial and other critical needs.

"Apna Ghar finds [the] best resources to help community of women. Empowering us."

Created safety and deepened our engagement with **251** women, children and men through our **supervised visitation and safe exchanges** services.

“I appreciate all you do for us, and feel really motivated to make some changes in my life.”

“This was by far one of the most difficult times in my life. Without Apna Ghar, it would have been difficult for me to see my son.”

Developed and launched an **evidence-based model** of enhanced supervised visitation and safe exchange services, designed to promote strong relationships, empowerment, and pathways for healing and change.

Helped **152** survivors and their children overcome the trauma of experiencing gender-based violence, and empowered them through **individual, family, and group counseling**.

“I felt alone, but once I came here and talked to everyone, I know I am not the only one.”

“The 40-hour training is so comprehensive and interactive. So much camaraderie is developed among the participants.”

Trained **31** volunteers and advocates through **2** sessions of the state-required **40-hour domestic violence training**.

Trained and informed judges, court personnel, and the legal system broadly about effectively utilizing legal remedies available to survivors of gender-based violence.

“We are grateful that Apna Ghar is dedicated to growing these crucial services.”

“You do such amazing work. Thank you for the work you do.”

Reached **4,812** people through **493 outreach and education** events and activities.

Worked with legislators, advocacy groups, community leaders, and the general public to raise awareness and make policy changes to improve systemic responses and increase options available to survivors.

“Your voice amplifies the needs of community members.”

Apna Ghar's Expansion

Apna Ghar now operates out of five locations that include our Main office, Safe Home, Skokie satellite office, Domestic Violence Court and Swedish Covenant Hospital.

From a Volunteer-Run Hotline to a Nationally-Recognized Organization

Apna Ghar was founded by five pioneering women committed to helping Asian and other under-served immigrant survivors of gender violence access the services and resources they needed to live lives free from violence. In the mid to late 1980s, hotline calls revealed a high incidence of domestic violence, abandonment, sexual harassment and assault within the growing populations of immigrants and refugees settling in the metropolitan Chicago area. A study conducted by hotline volunteers also found that immigrant survivors were reluctant to seek assistance because of linguistic, cultural and legal barriers. Thus, in December 1989, Apna Ghar grew from a volunteer run crisis line into an incorporated organization with an emergency shelter and case management, legal advocacy, counseling and other wraparound services to assist immigrant survivors reclaim and rebuild their lives.

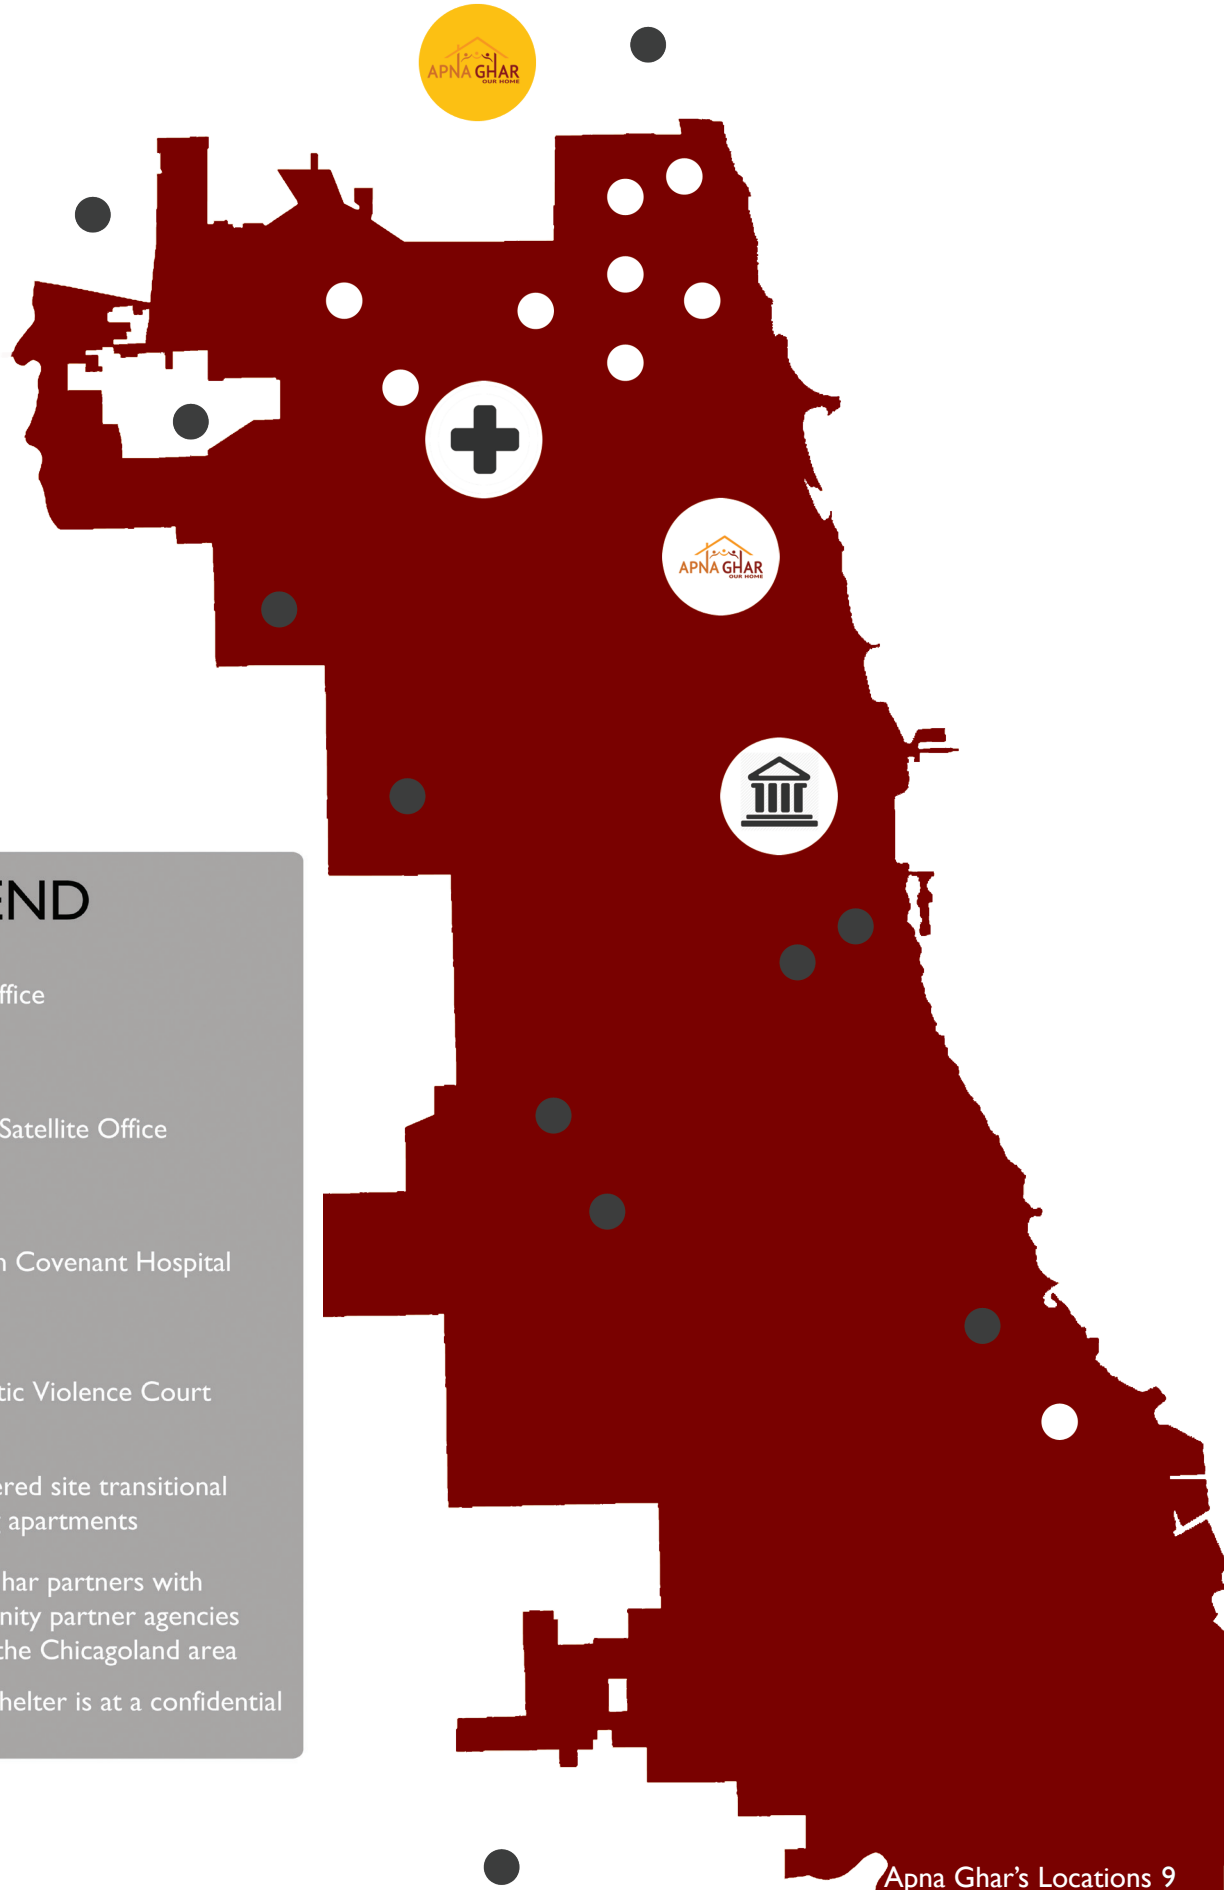

Since 1990, Apna Ghar has grown in size and scope, and has developed innovative programming to address the needs of survivors of gender violence. Apna Ghar's current services include a 24-hour crisis line, emergency shelter or safe home, individual and group counseling, case management, legal advocacy, including a volunteer attorney run family law clinic in partnership with the Chicago Volunteer Legal Service (CVLS), a supervised visitation and safe exchange program that includes a court liaison, as well as community education, outreach, training and institutional and policy advocacy.

Skokie Satellite Office

In July 2017, we opened our satellite office in Skokie, Illinois, co-located with Turning Point Behavioral Health Care Center. This satellite location allows us to serve a wider range of families in need of comprehensive services including supervised visitation and safe exchange services, legal advocacy, counseling and case management.

Apna Ghar's Locations

Domestic Violence Court

9 scattered site transitional housing apartments

Apna Ghar partners with community partner agencies across the Chicagoland area

*Safe home/emergency shelter is at a confidential location

Program Growth

New Purpose-Built Safe Home/Emergency Shelter

In January 2017, we completed construction of, and formally opened our new safe home/ emergency shelter with a ribbon cutting ceremony with Chicago Mayor Rahm Emanuel, Alderman Cappleman and other city officials. This safe home doubles the agency's capacity to provide survivors of violence and trauma a home-like environment to achieve safety, stability and self-sufficiency.

Re-established Transitional Housing Program

In March 2017, we re-established our transitional housing program, in partnership with WINGS Program. Our transitional housing program provides long term housing along with comprehensive case management and supportive services for families in need. Apna Ghar provides rent and utilities for each apartment for the duration of the lease so that the survivors can create savings and achieve their financial, educational and wellness goals to gain stability and self-sufficiency.

Medical Partnerships

In October 2017, we formalized our partnership with Swedish Covenant Hospital to provide services for patients experiencing gender-based violence, and training to hospital personnel on appropriate screening and care planning. We look forward to growing this partnership and continuing to provide training and resources at additional Chicago area hospitals and medical facilities.

Group Services

Group counseling supplements individual counseling and provides the opportunity for adult survivors to talk about their trauma in a safe environment. Apna Ghar's counselors host Sunday wellness workshops every other week. These workshops focus on topics such as health, fitness, yoga, nutrition, and others. In 2017, Apna Ghar's counselors also added a monthly empowerment support group "Heal through Hope, Empowerment, Acceptance, Love."

In addition, we conduct a therapeutic cooking group, and life skills and economic empowerment workshops to help survivors with self-development.

Model Development

A New Model for Enhanced Supervised Visitation and Safe Exchange Services

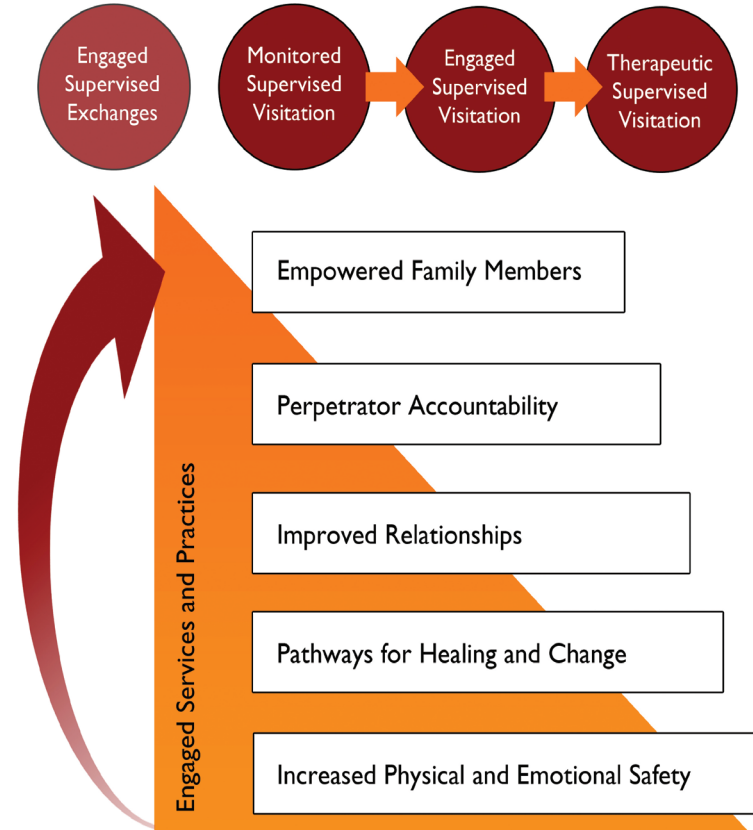

In August 2017, we developed and began implementing a new model for enhanced supervised visitation and safe exchange services. This research-based model was developed in partnership with Inspire Action for Social Change through generous support from the Pelino Family, and is being implemented in Apna Ghar's Chicago and Skokie locations.

This model for enhanced supervised visitation and safe exchange services is a strengths-based, optimistic approach centered on the belief that change is possible. The aim of this model is to foster trust and well-being by creating an environment that increases safety and creates pathways for healing, accountability and change.

Apna Ghar is currently the only organization in the country implementing this model. This year we will begin evaluating the model and we look forward to sharing our findings.

Change is Possible: An Enhanced Model of Supervised Visitation for Families Impacted by Domestic Violence

Apna Ghar developed this visual representation of the model created by Inspire Action for Social Change in partnership with Shweta Singh, Ph.D., M.S.W.; Associate Professor, School of Social Work, Loyola University, Chicago, Illinois

Apna Ghar staff with Beth McNamara and Jennifer Rose from Inspire Action for Social Change at a November 2017 training on the new model.

Highlights from 2017 Events

Taste for Life

May 18, 2017

Apna Ghar's 9th Annual Taste for Life featured special guests Chicago newscaster Ravi Baichwal and musical performer Zeshan Bagewadi. During the event, we surpassed our goal of raising \$100,000 for survivors of gender violence. We were glad to feature 11 local restaurants who provided tasting portions from their menus, as well as drinks from our beverage sponsors. Kailish, a vegan restaurant in Uptown, joined us for the first time this year and won both the "Critic's Choice Award" and "Guests' Choice Award."

Tee off Against Violence Golf Outing

July 20, 2017

This year marked the 2nd annual golf outing held at Willow Crest Golf Course at the Hilton Chicago Oak Brook Hills Resort. This year we had 64 golfers join us for a fun day of lunch, "best ball" golf, specialty holes, raffle, and dinner to benefit Apna Ghar and the survivors we serve.

Stride Against Violence

October 15, 2017

Over 500 runners, walkers and volunteers joined us at the 11th annual Stride Against Violence 5K Run/Walk to help us commemorate National Domestic Violence Awareness Month. The event raised over \$60,000 to assist survivors of gender violence. We look forward to making the 2018 event even bigger!

Other Events

We're always grateful for those interested in hosting their own fundraisers, events, and house parties. In 2017, the South Asian Medical Student Association hosted a fundraiser on University of Illinois at Chicago's campus, as well as the Northwestern South Asian Student Association hosted a concert fundraiser for Apna Ghar. We're also thankful for our runner, Megan Reyes, who fundraised and ran the Bank of America Chicago Marathon on Team Apna Ghar. We are excited to announce that in 2018 we will have four runners participating in the Chicago Marathon for Apna Ghar.

Awards and Highlights

2017 was a noteworthy year at Apna Ghar. We grew the most since our inception. We significantly expanded our housing program by constructing a new purpose built safe home that doubled our capacity and by restarting our transitional housing program with nine scattered site apartments for families in need. We developed a research-based model for enhanced supervised visitation and safe exchange services with Inspire Action for Social Change with generous support from the Pelino family. We are the first agency in the country to implement this model. We strengthened our partnership with the domestic violence court, and we formalized our partnership with Swedish Covenant Hospital to provide training and advocacy. With this expansion, we now operate out of five locations!

- Executive Director, Neha Gill, received the Gender Equality Award by Chicago Chapter of the US National Committee for UN Women.
- Executive Director, Neha Gill, was featured in the Notable Natives section in the Columbia Chronicle and spotlighted by Desis for Progress for Asian Pacific American Heritage Month.
- Our manager of outreach and education, Radhika Sharma-Gordon, received the Community Ambassador Award from The Kedzie Center and Social Work Supervisor of the Year Award from Northeastern Illinois University.
- Apna Ghar's new safe home was featured in a cover page article of the Chicago Tribune, and the opening and ribbon cutting ceremony with Chicago Mayor Rahm Emanuel, Alderman James Cappleman and other city officials was widely covered on local television, radio and print media.
- Our advocacy efforts related to immigration legislation and travel bans as well as local legislation such as the TRUST Act and HB40 were covered in the media.
- An article written by Executive Director, Neha Gill on creating change for survivors of gender violence at Apna Ghar was published online on Medium.
- We developed an educational curriculum entitled "Working with Fathers: How Does Your Child Experience You" to provide support to fathers who have used violence and to extend the safety of the whole family. This curriculum is being implemented at Turning Point Behavioral Health Care Center.
- We expanded our group counseling services for survivors to include support groups, and health and wellness workshops.
- Our manager of outreach and education, Radhika Sharma-Gordon, delivered the anchor address at the annual Martin Luther King Day celebration and commemoration at Valparaiso University discussing gender violence as a human rights issue.
- Our staff Fauzia Mohammad and Tegest Tesfaw graduated from Chicago Foundation for Women (CFW)'s Advocacy Academy.
- Development Manager, Ashley Tsuruda, completed the Emerging Leaders Program by Leadership Education for Asian Pacifics (LEAP).

For more information about Apna Ghar in the news visit our website at www.apnaghar.org/apna-ghar-in-the-news

With your help, Apna Ghar will continue its work in the movement to end gender violence. The next few years will bring more exciting developments.

Fatima's Story

Fatima moved to Chicago from her home country about ten years ago to marry her husband, who had promised her a better life in the United States. When she first moved here, everything seemed fine. She was happy, in a new city, and excited to see where life would take her. She and her husband had two children.

Unfortunately, soon after her youngest turned five, Fatima's husband became abusive towards her. Not only did he start physically hurting her, he became emotionally manipulative and verbally abusive towards her and her children. He forbade Fatima from working and threatened her that he would take the children away from her if she told anyone or tried to seek help. He did everything he could to control her every move.

Crisis Line

A friend of Fatima told her about Apna Ghar. Fatima looked online and got the phone number for our 24-hour crisis line where she spoke with a shelter advocate about her situation. The advocate provided her with different options and safety planned with her. Fatima ultimately decided to leave and come to our safe home with her children.

Safe Housing

With guidance from Apna Ghar's advocates, and assistance from law enforcement, Fatima was able to safely leave her home where her husband had been physically, emotionally and financially abusive her and come to our safe home/emergency shelter. The shelter advocates greeted her and helped her settle in with her children. Over time the advocates helped Fatima develop her plans and goals and they connected her with Apna Ghar's legal advocates and counselors. In addition, they helped her children enroll in a nearby school.

Legal Advocacy

Fatima met Apna Ghar's legal advocates who explained to her legal options for her protection and safety, as well as gaining custody of her children. They also explained immigration related next steps to her. The following day the legal advocate accompanied Fatima to court to file for an emergency order of protection. Afterwards, a sheriff and Apna Ghar's accompanied Fatima to her former home to retrieve her belongings.

Apna Ghar's legal advocates then connected Fatima to an attorney that speaks the same language and is working with her on filing for divorce and consolidating her order of protection. The legal advocate continues to provide support to Fatima throughout this process.

Counseling

Fatima and her children worked with Apna Ghar's counselors to heal from the trauma of the emotional and physical abuse they had endured. Apna Ghar's counselors helped Fatima and her children understand the dynamics of domestic violence, power and control and helped eliminate their feelings of guilt, shame, and self-blame. Fatima and her children continue to heal and get stronger.

Transitional Housing

After Fatima and her children had stayed in our safe home for a few months, when one of Apna Ghar's transitional housing apartments became available, Fatima met with the case manager to learn about the program and discuss her options. She had recently secured a cooking job to support herself and her children and improve her skills. Apna Ghar provided a one bedroom fully furnished apartment for Fatima and her children. The agency will also cover rent and utilities for the duration of their stay.

Fatima sets aside savings every month which will be returned to her when she moves out.

Case Management

Apna Ghar's case manager helped Fatima create a budget and savings plan as well as long-term goals of securing better employment and finding permanent housing for herself and her children. Apna Ghar's case manager also connected Fatima and her children to doctors and healthcare to improve their physical health. Apna Ghar's case manager also assisted Fatima in enrolling her children in after school programs, and in pursuing hobbies and interests so that they can all continue to reclaim and rebuild their lives.

Supervised Visitation and Safe Exchange

Apna Ghar's advocates and attorneys assisted Fatima in obtaining an order for supervised visitation at Apna Ghar for the children to safely visit with their father. In this way, Fatima and her children can maintain safety and well-being while the children visit with their father. Apna Ghar's staff ensure that no further harm is caused to the children or Fatima.

Where is Fatima Now?

Fatima and her children moved from our safe home/emergency shelter to one of our transitional housing apartments. Fatima secured employment and is working on ensuring financial stability for herself and her children.

Fatima and her children continue to work with the legal advocate, counselors, and transitional housing case manager. Fatima also recently received her driving permit and is currently taking driving lessons. She is more optimistic about her future now and feels capable of supporting herself and her children.

“Apna Ghar helped me when I was in the lowest place ... I did not know this place existed. But now I do and I will tell everyone about it so I can help others who need it.”

GET INVOLVED

TOGETHER WE CAN END GENDER VIOLENCE

INVEST

You can help survivors of gender violence reclaim and rebuild their lives

- Donate to Apna Ghar online, by mail, or over the phone
- Sponsorship opportunities available for individuals and corporations at our fundraising events
- Connect us to your giving networks

INSPIRE

Introduce your friends, peers, and colleagues to Apna Ghar

- Host a party or a fundraiser to increase awareness and support for Apna Ghar's work
- Bring friends, family, and colleagues to our events
- Link to us or feature us on your website, blog and/or social media, and print publications
- Join the movement to end gender violence in your communities

VOLUNTEER

You can make a difference by donating your time and expertise

- Take our 40-Hour Domestic Violence training and work directly with survivors
- Volunteer at special events and fundraisers (applications available online)
- Partner with us for group volunteer opportunities
